23 KILLED IN COUNTY DURING ELEVEN MONTHS

With four persons fatally injured in auto crashes during November the number killed by accidents on Adams County highways so far this year totals 23, according to state police reports.

The November police report shows the 23 killed and 251 less seriously injured during the first 11 months of 1957 compares to 17 killed and 258 injured in the same period a year ago.

1957's accident rate is far ahead of last year, the reports show. So far this year there have been 331 crashes investigated by state police from the Gettysburg substation. There were 316 in the first 11 months last year.

\$282,273 Damage

Neither of those figures, however, shows the total of automobile accidents occurring in the county during the period. Borough police investigate the accidents in the borough and numerous crashes occur to which police are not called for investigations.

Damage caused by the accidents investigated by state police so far this year totals \$282,273.

During November state police investigated 35 accidents in which four persons were killed in four of the crashes and 27 other persons were injured. Damage totaled \$23,219.

In November 1956 there were 27 accidents in which two persons were killed, 34 injured and damage was estimated at \$14,750. In October 1957 there were 34 accidents in which one person was killed, 34 hurt and \$22,240 damage occurred.

November Activities
Last month state police spent 301 hours on criminal investigations, 1,792 hours traffic work, 1,214 hours station duty and 308 hours on special assignment.

They made 343 patrols, conducted 16 criminal investigations, ten state department investigations, in addition to investigating the 35 accidents.

One vehicle, valued at \$400, was recovered during the month along with other property valued at \$25.

Arrests totaled 149 for traffic violations and 13 on criminal charges. The number of traffic violations arrests compares to 164 in October, 137 in September, 152 in August and 149 in July.

ROY LAUGHMAN DIES SUDDENLY THIS MORNING

Roy E. Laughman, 64, Berwick Twp., Hanover R. 5, died suddenly this morning about 10:30 o'clock at the Abbotstown Grain and Feed store where he had just completed the sale of a load of corn.

He collapsed and died almost instantly. Dr. C. G. Crist, Adams County coroner, said death was due to a cerebral hemorrhage.

Mr. Laughman was a shovel operator at the Bethlehem Mines, north of Hanover, and had been employed there for the last 35 years. The mines were closed today because of the opening of the deer season.

He was a member of the Hanover Home Association and of St. John's Lutheran Church of Abbotstown.

Surviving are his wife, the former Alice Reed; three sons, Raymond E., Abbotstown R. 1; Earl C., Flagstaff, Ariz.; and Clyde R., Hanover, and seven grandchildren. These brothers and sisters also survive: Paul, Clifton, Stewart and Harry, all of Hanover R. 5; Mrs. Mabel Reaver, Camden, N. J.; and Charles, Spring Grove R. 3.

Funeral services are incomplete but are being arranged by Fred F. Peiser, New Oxford.

Gettysburg IFC Wins Top Honors

The Interfraternity Council of Gettysburg College won the top undergraduate award for colleges in its class at the National Undergraduate Interfraternity Conference held over the weekend at Colorado Springs, Colo. Gettysburg College took top honors in Class B for colleges with between 10 and 19 chapters on campus.

The award was based on service to members, school and community.

Gettysburg College was represented at the convention by Dean of Men W. Ramsay Jones and by Lawrence Gaenzle, president, and William F. Conway of the campus Interfraternity Council.

DR. REASER IS SPEAKER FOR ELK SERVICE

Annual memorial services for deceased members of the local Elks lodge were held Sunday evening at the Elks home on York St. with the Rev. Dr. Paul L. Reaser, pastor of St. James Lutheran Church, as the speaker.

"This is an occasion for reflection, not necessarily of sadness," Dr. Reaser said. "It is a time of memories and memory is a sacred thing, a quality given by God to man which lets him relive, as it were, incidents long in the past."

"As we heard the list of those gone read to us tonight, on the screen of memory we recalled the men whose names we called. Of some half of them I was a close friend. All of us have inherited the past and each of us is helping to mould the future."

Quotes Persian Proverb
"There is a finality to life. All that grows will pass away. We are creatures, we all have beginnings and we shall all have ends. As we look into the heavens and see the stars we think of them as permanent. Yet they are not permanent, they too, were created, and they too shall have an end."

"There is a Persian proverb which notes that there are four things which cannot be brought back — the spoken word, the sped arrow, the past life and the neglected opportunity. How often, when we have spoken unkindly we have wished that we could recall our words, but they can never be recalled. So we should determine always to speak in kindness. The

REGION 8 WILL MEET THURSDAY

The annual meeting of Region 8 of the Pennsylvania Welfare Forum will be held Thursday in the House caucus room, Harrisburg. Region 8 comprises Adams, Cumberland, Dauphin, Franklin, Juniata, Lancaster, Lebanon, Perry, and York Counties.

Mrs. Henry T. Bream, Gettysburg, is chairman of the region. She will preside at the 10:15 a.m. opening session.

Mrs. William W. Wood, Seven Stars, will take part in the 12:15 panel discussion.

The theme of the forum is "Shall We Hold On To The Family?" Three panels will discuss the topics of "How Much Time Can We Afford To Give To The Community?", "What Cost To The Family To Live Modern?", "What Have World Communications Brought To The Family?"

Mrs. Frank H. Kramer, Gettysburg, is a member of the executive committee.

REPORTS TREE CUT

Mrs. Harry Thomas, York St., reported to borough police this morning that someone had cut off a locust tree at her home.

1,100 Hawaiians Evacuated As Hurricane Hits Island

HONOLULU (AP) — Some 1,100 persons were evacuated from the coastal areas of Kauai today as gale winds of up to 90 miles an hour from Hurricane Nina battered that northernmost of the Hawaiian Islands.

Those evacuated, mostly fishermen and cane field workers living near mouths of swollen rivers, were moved to public schools. Rampaging rivers flooded the towns of Hanalei and Hanalei but there was only slight damage and no casualties were reported. Heavy rains and strong winds continued to batter the island which is 85 miles northwest of Oahu, the site of Honolulu.

2 Rivers Overflow

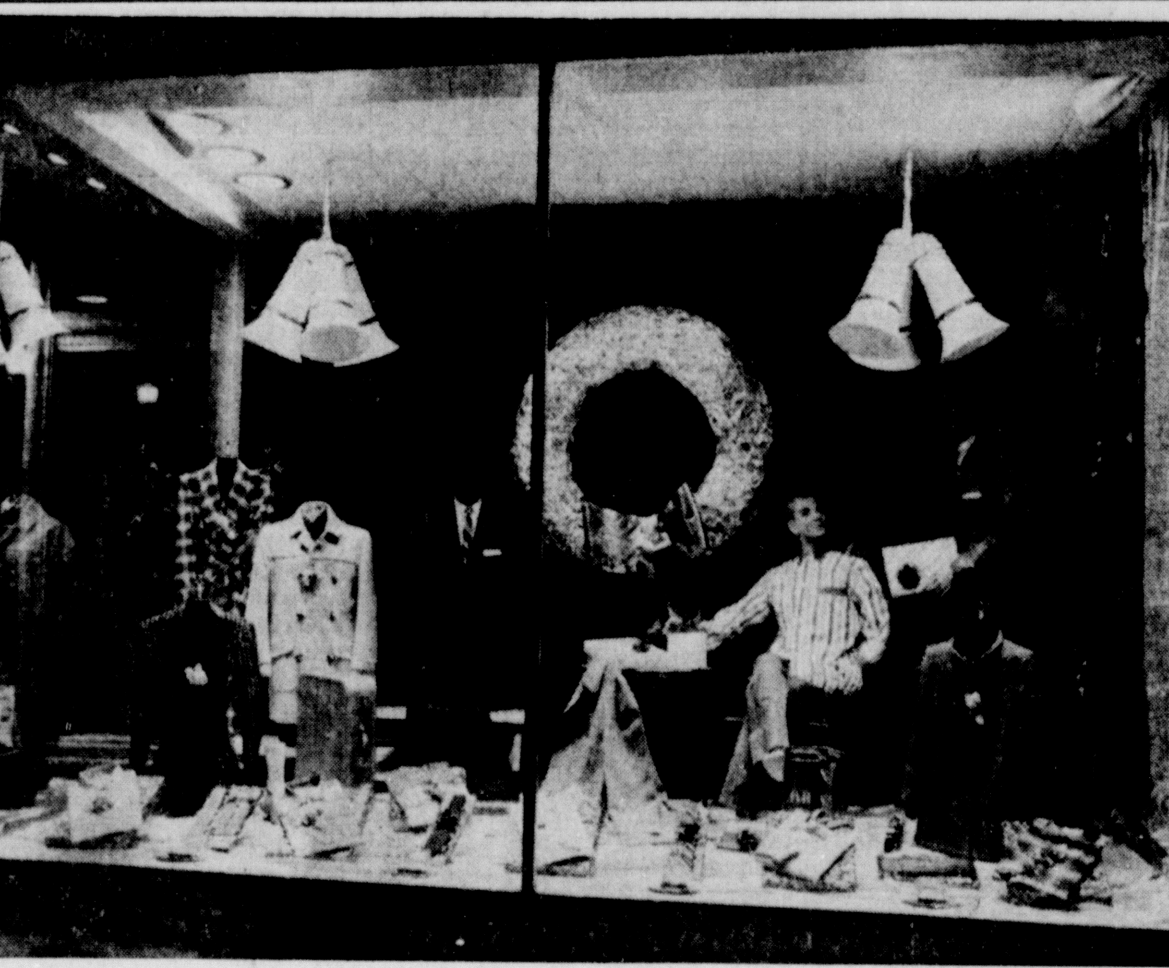

Two small rivers near Hanalei — the village that took the brunt of last spring's tidal wave — overflowed and blocked roads. Phone service to the island capital of Lilihue was disrupted.

The Kilauea lighthouse at Mokuape, on the north shore of Kauai, reported winds of 90 m.p.h. at 2 a.m.

Two feet of rain was registered in a seven-hour period on Kauai.

Prize-Winning Christmas Window

The first prize winner in the large window classification of the annual Gettysburg Times WGET Christmas window contest was won by Pitzer's Men's Wear, Chambersburg St. Three winners in each of the three categories were chosen. Other photographs on Page 6.

Junior Red Cross Enrollment Begins

The annual enrollment campaign was opened by the Junior Red Cross in Adams County today and is scheduled to be complete by December 15. The annual goal, which has been achieved year after year, is the enrollment of all schools in the county.

The money received in the campaign is used by the Junior Red Cross Council for its projects that included this year the sending of 400 gift packages to needy children abroad, the supplying of hundreds of favors and holiday gifts including cookies for Christmas and 50 of the 150 Christmas gift packages the Adams County chapter was asked to provide for Christmas in veterans' and service hospitals.

The campaign is being directed by Mrs. Bernice Bailey, Junior Red Cross chairman, with the assistance of Miss Ruth McIlhenny, of the chapter's board of directors.

COMPLETES RADIO COURSE

Pvt. Kenneth E. Williams Jr., whose parents live at Biglerville R. 2, recently completed the III Corps Academy's intermediate speed radio operator course at Fort Hood, Tex. Williams, a 1952 graduate of Gettysburg High School, was a farmer before entering the Army last July. He received basic combat training at Fort Hood.

ON DUTY IN BERLIN

Pfc. Thomas R. Gouker, son of Mr. and Mrs. Charles F. Gouker, Littlestown R. 2, is assigned to the U.S. Army Garrison in Berlin. Gouker, a heavy equipment operator, entered the Army in June 1956 and was stationed at Fort Eustis, Va., before arriving in Europe last May. The 19-year-old soldier was graduated from Littlestown High School in 1956.

Borough police reported at 3 o'clock Saturday afternoon that the bicycle reported stolen by Mrs. Bernard Frazer, 68 W. Middle St., earlier Saturday, had been recovered by the officers.

President Continues His Good Progress; May Be At Afternoon Cabinet Meeting

President Eisenhower visited his office today for the first time since his cerebral attack a week ago. He also decided to preside at the opening of an afternoon cabinet meeting.

Immediately after a motor trip to Washington from his farm home here where he spent the weekend, the recuperating President went to his office, dictated a memorandum to his secretary, Ann Whitman, and made known his intention to sit in on the cabinet session.

President Eisenhower, fast regaining his normal health after suffering a very mild stroke a week ago today, returned to the White House at 10:07 o'clock this morning after spending a restful weekend at his farm here. He came to Gettysburg last Friday afternoon and except for a brief automobile ride to Table Rock and around a portion of the battlefield and a tour of his farm he spent his weekend in the house. He had a few friends in and his son and daughter-in-law and children also were with him a good portion of the time.

The President was accompanied by James C. Hagerty, his press secretary, and his physician, Dr. Howard S. Snyder. Mrs. Eisenhower remained at the farm this morning because "she had some work to do" and returned to The White House later this afternoon.

May Join Cabinet

Because of his excellent progress the President was expected to attend a cabinet meeting at 2:30 o'clock this afternoon. It had previously been scheduled for this morning.

The President asked for an early lunch at the White House and then planned to take his midday rest before the cabinet session.

Saturday afternoon he watched the Army-Navy football game in Philadelphia on TV along with several friends, George Allen, General Arthur S. Nevins, his son, John and others.

About 11 o'clock Sunday morning the President went for an automobile drive. He was accompanied by Dr. Howard S. Snyder, who had made a quick round-trip drive to Washington and return because of the critical illness of his sister, Mrs. Claude Draper; General Nevins, George Allen, Major John Eisenhower and Hagerty. The party drove to Lower's Store at Table Rock where the President has four sides of Angus beef in a freezer being aged. The meat is for use at the farm.

Makes Good Progress
"The President said he just wanted to see the meat," Hagerty said.

The chief executive was interested in a former binder that had been converted into a machine to stir scrapie by Clair R. Grim, owner of the store. He talked briefly with Fred Taylor and Robert McClell, two butchers, and Grim's grandchildren, Robin, 8; Trudy, 7, and Kim, 4. Their father, Roland Grimm, and Elson Grimm, were also present.

Relative to the President's ap

pearance Hagerty said, in reply to a question: "Each morning I see the President he looks increasingly better and I for one get quite a kick out of seeing him each morning looking better."

Major and Mrs. John Eisenhower and their four children returned to Washington Sunday afternoon.

At an 8:30 o'clock press conference this morning Hagerty said the President had a good night's rest. He retired at 10:30 p.m. Sunday and awoke at 7:50 o'clock this morning very refreshed. He ate his usual breakfast and prepared to leave for the White House.

TAKE PART IN IOOF SERVICES

Mrs. Sewell E. Kapp, Times Apartments, had charge of religious services held at the Odd Fellows Home for the Aged at Middletown Sunday afternoon under sponsorship of the Rebekah Assembly of Pennsylvania.

Approximately 30 members of the local Odd Fellows, Mary Gettys Rebekah Lodge, wives, husbands and children were among those participating. A luncheon at the home preceded the service.

Mrs. Kapp, a member of the local Rebekah lodge, conducted the prayer and scripture service. The sermon was delivered by Rev. G. Wilt, York. Rev. Mr. Wilt is a past grand master of the Grand Lodge of Odd Fellows and representative from the grand lodge to the Rebekah home at Harrisburg.

Members of Mary Gettys Lodge No. 105 and guests from Gettysburg sang a special selection as part of the service. Mrs. Naomi Swartz and Mrs. Harry Reinhardt, Littlestown, members of the local lodge, sang a duet.

Mrs. Kapp introduced the Rebekah Assembly president, Mrs. Grace Broderick, Pittston, who spoke briefly. Another speaker was

Oliver D. Cline Dies Sunday At 65

Oliver D. Cline Sr., 65, died Sunday morning at 3:15 o'clock at his home, Gardners R. 2, of complications following an illness of seven months.

A son of the late William A. and Nora (McBeth) Cline, he was born and always resided in Adams County and was a member of the Mt. Tabor EUB church. For the last 32 years he was a carpenter weaver at the C. H. Masland Co. in Carlisle.

Surviving are his wife, the former Nettie Myers; six children, Russell Cline, Mt. Holly Springs; Robert, Orie D. and Oliver D. Cline Jr., all of Gardners R. 2; Mrs. John Miller, Mt. Holly Springs; and Mrs. Harry Sughart, Gardners R. 2; 16 grandchildren; a sister, Mrs. Orrie Wierman, Gardners R. 2, and a brother, Edward Cline, also of Gardners R. 2.

Funeral services Wednesday afternoon at 2 o'clock from the Dugan Funeral Home, Bendersville, with the Rev. Percy Brown officiating. Interment in the Good-year cemetery. Friends may call at the funeral home in Bendersville Tuesday evening from 7 to 9 o'clock.

PITZER'S, LANE AND BLOCHER'S WIN TOP PRIZES

Winners in the fifth annual contest held by The Gettysburg Times and WGET for Christmas decorated windows of Gettysburg, business places were selected Saturday night. Judges were Wilbert E. Stremmel, Harrisburg; Mabel Buttorff, York, and Richard Krick, supervisor of art in the Gettysburg public schools.

The contest was divided into three classifications — large windows, medium sized windows and small windows — with prizes of \$25 first, \$15 second and \$10 third in each of the three divisions.

List Of Winners

First prize in the large window classification went to Pitzer's Men's Wear Store, Chambersburg St. The Manufacturers Light and Heat Co., York St., won second prize and Tobey's Store, Baltimore St., was third. There were 12 entries in that division.

First place winner in the medium window class was the Lane Studio, York St.; second, Bix-Sway Young Men's Shop, Chambersburg St., and third place, MacDonald Co., Chambersburg St. Seventeen windows were in that competition.

Bloch's Jewelry Store, Chambersburg St., took first honors in the small window class, in which 20 windows were entered. Second award went to the Gift and Goody Shop, Carlisle St., and third to Wayside Flower Shop, S. Washington St.

A. B. CASHMAN DIES SATURDAY

Amos Blair Cashman, 83, Gettysburg R. 4, died Saturday evening at 5:30 o'clock at the Warner Hospital where he had been admitted about a hour earlier.

A retired farmer and blacksmith, Mr. Cashman had resided alone since the death of his wife, the former Sarah Trimmer, who died a number of years ago, and following the death of a brother.

He was found Saturday lying under the bed at his home and his physician said he believed Mr. Cashman had attempted to get out of bed and had collapsed and rolled back under the bed. It was possible he had been there for several days, the physician said.

He was a son of the late Amos and Lucille (Shull) Cashman. The only survivors are a number of nieces and nephews.

Funeral services Wednesday afternoon at 2 o'clock from the Peters Funeral Home, Carlisle St., with the Rev. Herman D. Beatty officiating. Interment in the Helderberg Lutheran Church Cemetery. There will be a brief viewing will be held prior to the services Wednesday afternoon.

2 College Grads Promoted By PRR

Two Gettysburg College graduates, one of them a member of the college board of trustees, are involved in promotions announced Sunday by the Pennsylvania Railroad.

Lester Earl Gingerich, 58, a native of York and graduate of Gettysburg College in 1922, has been advanced to the position of chief mechanical officer of the Pennsylvania Railroad.

Gingerich, who is a member of the college board of trustees and lives at Wynnwood, will have his headquarters in Philadelphia. He succeeds Howell T. Cover, assistant vice president and chief mechanical officer who is on leave of absence.

Succeeding Gingerich as assistant chief engineer-maintenance, will be a Gettysburg College classmate, Donald E. Rudisill, 56-year-old Mt. Carmel native. Rudisill has been an assistant chief engineer and resides at Villanova.

Blast Kills 2, Injures 3, Wrecks Harrisburg Plant

HARRISBURG (AP)—An explosion in the Phoenix Iron and Steel Co. plant killed two workers today, injured three others and wrecked the fabrication department of the flange mill.

Those killed were William R. Radabaugh, 62, of nearby Paxtang Manor, a heater, and Matthew G. Grubic, 60, Harrisburg, a hydraulic press operator.

Injured were: Richard E. Barner, 41, Harrisburg, a layout man, possible fractures of the right leg and ankle; John V. McFadden, 55, Harrisburg, a heater, cuts and a possible fracture of the right ankle; Arthur H. Miller, 50, Steelton, a crane operator, scalp cuts and body bruises.

Oil Furnace Explodes
An exploding oil furnace hurled Radabaugh and Grubic about 30 feet. Badly mangled, they were killed instantly, Coroner Thomas J. Pritchey reported.

See \$20 Billion In Xmas Spending

WASHINGTON (AP) — The U. S. Chamber of Commerce estimates that Americans will buy about 20 billion dollars worth of goods this month, compared with 19½ billion in December a year ago.

But most of the increase over last year will represent price increases, with the sales volume remaining about the same as December 1956, the Chamber said.

"The picture adds up to this: While some recent developments in unemployment and the stock market may have made consumers a little more cautious, chances are that when the Christmas fever sets in, December sales should be the biggest yet, or at least tied for first place with 1956," the Chamber said.

MYERS-UNGER NUPTIALS READ ON SATURDAY

Miss Mary Catherine Unger, daughter of Mr. and Mrs. A. W. Unger, 525 Frederick St., Hanover, and Mervin Kenneth Myers, son of Mr. and Mrs. Harry W. H. Myers, Littlestown R. 2, were married Saturday afternoon at 2:30 o'clock in St. Matthew's Lutheran Church, Hanover. Rev. Howard J. McCarney officiated. J. Herbert Springer played the traditional wedding marches.

The bride wore a street length dress of white brocade fashioned along empire lines with a princess style skirt. The dress was trimmed with seed pearls and rhinestones. Her hat was white satin trimmed with velvet leaves and seed pearls with a small veil. She carried a white Bible topped with a spray of red and white roses.

Mrs. Robert M. Arentz, sister of the bride, Shamokin, Pa., was matron of honor. She wore a street length dress of slate blue silk fashioned along empire lines with princess style skirt. She carried a colonial bouquet of mixed flowers. Her hat was beige feathered.

Reception Is Held
John Koons, Littlestown, was best man.

A reception was held in the lower room of the church for members of the immediate families.

The newlyweds are honeymooning in the midwestern states. The bride's going away outfit was a beige wool jersey dress with brown accessories and a tweed coat and a corsage of red roses. Upon their return home they will reside at the home of the bridegroom.

The bride is a graduate of Eichelberger High School, Hanover, and is employed as secretary in St. Matthew's Church, Hanover.

The bridegroom graduated from Littlestown High School and is presently engaged in farming.

Out-of-town guests were from Shamokin, Pa., and Winchester, Mass.

KORVER INFANT DIES

The five-day-old infant daughter of Mr. and Mrs. Joel Korver, Oxnard, California, died Sunday at Oxnard and graveside services will be held there, according to word received by relatives here. Mr. and Mrs. Korver are formerly of New Oxford R. 2. Surviving in addition to the parents are two brothers, Robert and William, and a sister, Kathy, all at home; and these grandparents: William Korver and Mr. and Mrs. Lester Kime, all of New Oxford R. 2.

1,810 ON 'FIELD

A total of 1,810 persons visited the battlefield over the weekend. Park officials said 1,045 persons, including 37 in one bus, toured the field on Saturday, while Sunday visitation was 765 including 37 in one bus.

MANY HUNTERS REPORT EARLY SUCCESS TODAY

Clear skies, a crisp west wind and plenty of deer in the woods provided the setting this morning as hundreds of hunters started the hunt for antlered game this morning. The season began at 7 a.m. and reports received by The Gettysburg Times indicated some of the hunters lost little time in bringing down deer.

The earliest kill reported today was made by L. Donald Redding, York, son of Mrs. Edward Redding Hanover St., who shot a six-point buck at 7:15 o'clock this morning in the Rocky Grove section. The animal weighed about 150 pounds.

At 7:20 o'clock Dale Wetzel, Oртanna R. 1, brought down a six-pointer near his home. Oртanna R. 1. The buck weighed about 104 pounds. Wetzel was hunting with his son, Herbert, assistant Delaware County farm agent who is home on vacation.

Youth, 18, Gets Deer

Calvin Cline, Gettysburg R. 3 killed a six-point buck this morning "back of Mt. Tabor." The deer weighed about 150 pounds.

Glenn Little, 18, Gettysburg R. 4 was the first to report a kill to The Gettysburg Times this morning. Little brought down a four-point buck about 8 o'clock this morning near Lewis's Rocks in Cumberland County. The deer weighed about 100 pounds.

A 10-point, 120-lb. buck was shot at 9:30 this morning, near Greenmount by John Riley, R. 2.

Boy, 14, Gets Buck

Daniel J. Yingling Jr., 14-year-old son of Mr. and Mrs. D. J. Yingling, Gettysburg R. D. shot a six-point, 125-pound buck this morning at 11:30 o'clock near Barlow, while hunting with his father. It was the youth's first deer and his second hunting season.

Howard Elledge, Gettysburg R. 4, reported that he shot a 180-pound four-point buck this morning about 8:30 o'clock while hunting near Hunterstown.

Red Cross Needs Fund For 35 Gifts

Thirty-five veterans and servicemen in government hospitals will not receive Christmas gift packages from the Red Cross — the only Christmas remembrance that some of them receive — unless groups and individuals in Adams County make it possible for the Red Cross chapter here to meet its quota of 150 gift packages.

Mrs. Peggy P. Hill, executive secretary, said the chapter has received donations covering 115 of the packages at \$2.50 each but lacks the means to provide the 35 others.

In a final appeal — the packages must be turned over this week for distribution to service and veterans' hospitals — Mrs. Hill said that some groups and individuals who have contributed to similar appeals in other years have not yet donated for the greatly increased quota this year.

She pointed out that the help of all who aided with the project in other years — and many other new donors — are needed to meet this year's goal of 150 Christmas gift packages. "Some of these men who have been in hospitals for a number of years seem to have been forgotten by everyone but the Red Cross at Christmas time," Mrs. Hill said.

Maitland Brothers Submit Low Bid

A bid of \$78,911.20 by Maitland Brothers of Littlestown was the lowest of seven received by the West Manchester, York County, Township supervisors Friday night on the township's First (Lincolnway) District sewer project.

The Maitland Brothers' quotation was about \$14,500 lower than the township engineer's estimate of the project cost and more than \$6,000 lower than the next lowest bidder, the Basore Construction Corporation of Harrisburg, which bid \$85,178.06.

COURT ACTS IN DIVORCE CASES

The Adams County court Saturday granted Rhoda Evelyn (Gearhold) Hawn, 28, Chambersburg St., a divorce from Paul Henry Hawn, Hanover. The couple wed September 1, 1925.

The action in divorce brought by Barbara J. (Swisher) Aughinbaugh, Gettysburg R. 1, against S/Sgt. John R. Aughinbaugh Jr., Washington, D. C., was referred back to the master, Atty. Donald G. Oyler, to obtain evidence pertaining to the signature of the defendant on a return receipt. The opinion of court accompanying the return of the matter to the master noted that while "a comparison of the two signatures would lead us to believe that they were written by the same person," the law requires positive testimony by the plaintiff that the signature appearing on the receipt for the mailed notice of the complaint to the defendant is actually the signature of the defendant. It added: "The identification of the signature of the return receipt for the complaint was undoubtedly inadvertently overlooked since the plaintiff did identify the defendant's signature to the receipt for the notice of the master's hearing."

Names Three Masters
Atty. Edward B. Bullett was appointed master in the divorce action brought by William L. Chamberlain, 60 Chambersburg St., against Louise E. (Cline) Chamberlain, Gettysburg R. 3.

Atty. Eugene R. Hartman was appointed master in the divorce action of Irene I. (Fisher) Koonz, Gettysburg R. 3, against Clarence A. Koonz, also of Gettysburg R. 3.

Atty. Donald M. Swope was appointed master in the divorce action of William McNeill Harness, 46 South St., against Dorothy Burnett (Seymour) (Hoffman) Harness, Harrisburg.

Learner Faces Two Charges In Crash

Charges of driving unaccompanied on a learner's permit and failing to stop at a stop sign have been filed by borough police before Justice of the Peace John H. Baschore against Stella M. Johnson, 23, of 27 Lincoln Square, following an auto accident at Franklin and W. Middle St. Sunday afternoon at 4 o'clock.

Police said the woman was driving south on Franklin St. in a 1950 Chevrolet when, she said, she failed to halt at the intersection with W. Middle St. and the front end of her car struck the front and side of a westbound 1951 Ford being driven west on W. Middle St. by Ralph Singley, 30, 320 W. Middle St., spinning the Singley car around on the street.

Damage was estimated at \$500 to the Johnson car and \$300 to the Singley vehicle. No one was injured.

and blew the victims nearly as far. Bricks and other debris littered the shop.

The furnace was used to heat steel to be pressed into various shapes. It was one of two large furnaces in the shop.

Many of the workers, badly shaken by the blast, were discharged for the day but the company continued to operate the second furnace with a skeleton crew. A company spokesman said an investigation will be held in an effort to determine cause of the explosion, believed to have been caused by an accumulation of gasses in the heater.

The explosion occurred shortly after the whistle blew at 7 a.m. to start the day crew. A plant official said it was customary for workmen to gather around the oil furnace to keep warm before going to work.

Firemen were called in but no fire followed the blast.

"FANCIES OF MY MIND"

I'm haunted by the murmur of . . . an old familiar brook . . . that winds its way across the fields . . . and through a wooded nook . . . I hear it gently babbling . . . a tender sweet refrain . . . that echoes like a rhapsody . . . from out memory lane . . . I find myself upon a bank . . . covered with velvet moss . . . content to watch the setting sun . . . give trees a brilliant gloss . . . the brook reflects each fleecy cloud . . . that roams the sky above . . . and in the distance I can hear . . . the cooling of a dove . . . but short-lived is my reverie . . . for winter winds now blow . . . the land is only barren land . . . and skies show signs of snow . . . and should I sojourn to the brook . . . I'm sure that I could find . . . the wondrous things of which I tell . . . were fancies of my mind.

Walnut St., and the infant son of Mr. and Mrs. Alfred T. Lippy, S. Queen St. The altar flowers were placed in memory of Mrs. Charles B. Robert by Bernard R. Weaver. It was announced that bulletin sponsors for next year should sign the chart in the church narthex.

HAMMARSKJOLD CONTINUES HIS JORDAN TALKS

AMMAN, Jordan (AP)—U.N. Secretary General Dag Hammarskjold continued talks with Jordanian leaders today but there was no indication of compromise in the dispute U.N. sources feared might bring an open clash with Israel.

Trouble could break out Wednesday, when an Israeli convoy again is scheduled to go to Israeli-held Mt. Scopus, inside Jordanian territory.

A spokesman for Hammarskjold said that shooting might result if Jordan continues to refuse to allow convoys through and Israel insists on sending them.

Could Get Serious
"This thing could get that serious if it is not settled," he declared.

Hammarskjold arrived from Beirut yesterday and soon after talked at length with 23-year-old King Hussein, had two long sessions with Foreign Minister and

Deputy Premier Samir Rifai and met briefly with Premier Ibrahim Hashem.

A communique said Hammarskjold in reply expressed full confidence in the Marine officer.

Say Gasoline "Military"
Hammarskjold flew to the Middle East last week after Jordan turned back two Israeli convoys to Mt. Scopus, and also demanded that U.S. Marine Col. Byron Leary be removed as chief U.N. truce observer.

The Jordanians charged that gasoline carried by the convoys constituted military supplies barred by the Palestine armistice. Israel contended that the gasoline is needed for an electric generator on Mt. Scopus, a low hill inside the Arab-held Old City of Jerusalem. The hill, occupied by Israel ever since the Palestine War, is the site of Hadassah Hospital and the Hebrew University.

Jordan claimed that Col. Leary was biased in Israel's favor and

announced it would no longer accept him as a mediator. Hammarskjold in reply expressed full confidence in the Marine officer.

Going To Israel
Jordan officials said Rifai in the talks with Hammarskjold adamantly refused to compromise either issue. U.N. officials feared particularly that the question of the convoys, which supply Israelis guarding the hospital and university buildings on Mt. Scopus, would touch off fighting. Some observers fear that unless the Jordanians relent, the Israelis may try to rush a convoy through with military force.

Hammarskjold is scheduled to arrive in Israel tomorrow and will go to Damascus afterward. U.N. spokesmen have said Hammarskjold may use the Damascus visit to discuss the months-old Syrian-Russian charge that Turkey has concentrated troops to invade Syria. Turkey has denied it.

Arendtsville Rain Shortage Is Reduced

Arendtsville weather station recorded a little more warmth and a little extra rain in November, Dr. Frank N. Hewetson, the observer there, reported today.

The average temperature was 43.8 degrees which is 1.4 degrees above normal. The highest reading last month was 65 degrees on the 3rd and 4th and the low for the month was an 18 above zero on November 12. The average daily maximum was 53.4 degrees and the average low was 34.2 degrees.

Rainfall at Arendtsville last month totaled 3.77 inches which was 0.32 inches above normal and brought the 11-month accumulation for the year to 33.49 inches. That total is 6.16 inches below normal and 5.29 inches below the 11-month total for last year.

Sunshine measured by Dr. Hewetson totaled only 104 hours and 20 minutes, only 34. per cent of the total available.

Forty-Seven States: Would any one believe, without looking into it, that we are in a fair way of carrying out the number of sovereign states, originally thirteen, and now thirty-one, up to forty-seven? But so it is. In the first place there are Oregon, Kansas and Minnesota, whose Constitutions are already formed or forming. It is hoped that they will be admitted the coming winter, making the member of the confederacy thirty-four. Then New Mexico, Nebraska and Washington, already thriving territories, will swell the aggregate to thirty-seven. Four new states to be carved out of Texas, according to provisions in the treaty of annexation, will give us forty-one. Two additional states demanded from the area now included in California, would make forty-three. Arizona, Neosho, Dacotah and Columbus territories carry us up to forty-six and lovely Utah will be the forty-seventh to "lend to that fair circle of her form and the lightness of her step."

The Directors of the Bank of Gettysburg on Monday last re-elected George Swope, President; J. B. McPherson, Cashier; T. Duncan Carson, Assistant Cashier, and J. H. McClellan, Teller.

The Depots Fixed: On Saturday last, the Directors of the Gettysburg Railroad determined on the location of the Depots in this place. The passenger depot is to be on the lot of Geo. W. McClellan, southeast corner of Carlisle and Railroad streets; and the freight depot on the ground of Messrs. Doersom and Codori, near where Stratton street intersects the Railroad. Tracks are to be laid from Carlisle street to Washington street, to accommodate business men in that portion of the town.

The Furnace in the Jail having proved entirely inadequate to heat the building, the Commissioners have, by recommendation of the Grand Jury, contracted for a new one, with Mr. Wantz, of York, to cost about \$150.

LOSS OF CONFIDENCE
It is a tragedy to lose confidence in those who serve us in public life, or in the country at large that has spilled its blood to keep freedom alive. Empires have died because there was a loss of confidence in their leaders.

One of the sad things of life is to lose confidence in a friend. Rarely can that confidence be re-instated. Even if it is, there is something that remains that troubles. Many a business has failed because the public lost confidence in its products.

To lose confidence in one's self is the beginning of failure, but to face failure with courage and faith, plus confidence, is to be born again. As Emerson put it, we "are born to victory," and as E. W. Howe once wrote, "Success is easier than failure." Most of the failures personal and in business, occur because of a loss of confidence.

In some of the nations of Europe a loss of confidence in their leaders means an immediate change of government. Here in America a loss of confidence in the government calls for a change of leaders at an election by the people.

When confidence is high the nation is healthy and prosperous. Did we not believe in this confidence, that is scattered in so many directions, we would soon become a nation of worriers and complainers! Fear would be rampant. We put ourselves in the hands of the surgeon when a serious situation occurs, but we have confidence in that surgeon before we allow him to operate on us.

Let us always have confidence in ourselves, in our friends, our government, and in the kindly mercy of God. Then we shall always be travelling on the sunny side!

Tomorrow Mr. Adams will talk on the subject: "Be Interesting"

The home that I like best of all
Is not the mansion rich and grand
With costly pictures on the wall
And servants waiting your command.
It is not filled with treasures rare,
With tapestries of gold and red,
But just a humble cottage where
At every meal a grace is said.

The home that I like best of all
Is just the home of olden days
With children romping in the hall;
Not palaces with lights ablaze,
Not built of marble and of stone,
But rather 'tis that home instead
Where still we find that God is known
And at each meal a grace is said.

Fair, Cold Weather Sweeps Across U. S.

By THE ASSOCIATED PRESS
Fair and cold weather covered much of the country today and the chilly air even nipped Florida's fruit-growing and resort areas.

Temperatures sagged to 40 near Tampa. Frost and freeze warnings were issued by the U. S. Weather Bureau for north, central and southern-interior parts of Florida.

Cold air that invaded the Plains states over the weekend moved rapidly through the Eastern half of the country, but a new batch of frigid air rolled into the Dakotas.

Warming was under way south of the northern tier of states, from the plains region eastward.

WHITE HOUSE ROUTINE NOT CHANGED MUCH

WASHINGTON (AP)—At the policy level, President Eisenhower's illness makes a difference at the White House. But the day-to-day operational routine goes on pretty much as usual.

The reason it does is that Sherman Adams, Eisenhower's chief of staff, still is very much on hand there. And that means no interruption of virtually any of the staff activities he directs.

Adams, of course, also has a big voice in policy-making. And he and other administration officials play an even bigger role in that field when illness hits the President.

Can't Delegate Some Powers

For example, Adams sat in a meeting last Tuesday where he, Vice President Nixon and six other key men gave a final go-ahead for simultaneous production of the Thor and Jupiter, 1,500-mile range missiles. The President, Nixon reported later, had given tentative approval to such an action before he suffered a slight stroke Monday.

Government legal experts noted that presidents can and almost always have delegated some duties and powers of their office to other officials. But these experts say there are many presidential powers which cannot be delegated. In this connection, they cited the signing of legislation, the veto power and the granting of presidential clemency.

There appears to be a general agreement that, in view of the absence of any statute on the subject, no president can delegate the office itself to another person.

Had Urged Amendment

Last April, Herbert Brownell, then attorney general, urged congressional approval of a constitutional amendment to clarify procedure in cases of presidential disability. Brownell said the proposal had the endorsement of Eisenhower.

Brownell expressed the view then that under the wording of the Constitution, and without a clarifying law on the subject, a vice president now has the power to determine and declare a president unable to continue in office, and to assume the reins himself without consulting anyone.

Chairman Celler (D-NY) of the House Judiciary Committee said in Rome on Friday that he intends to propose legislation to set up a commission to determine when a president becomes incapacitated and replaceable by the vice president.

No "Little Cabinet"

In the present situation, Nixon has spent considerable time at the White House since Eisenhower was stricken Monday. He has said he expects Eisenhower to return to full-time activity soon. In the meantime, Nixon has said he is not assuming any presidential duties.

The vice president has said there is no "little cabinet" or unofficial board of directors running things with the President unable to be on hand.

At the operational level, as distinguished from the policy level, there has been no discernible difference at the White House since Eisenhower became ill.

3 Emergency Calls To Grocery False

HOPKINSVILLE, Ky. (AP)—Everybody's wondering who started the big rush at Brown's Grocery yesterday.

Police said they received a call saying a fight had broken out at the neighborhood market. At the same time, firemen were notified of a blaze there.

And a third call urged a funeral home to dispatch an ambulance to the store where Mrs. Maxie Brown reportedly suffered a heart attack.

A patrol car, fire truck and ambulance converged in a matter of minutes.

They were all false alarms.

BUS OPERATORS REJECT OFFER AT PITTSBURGH

PITTSBURGH (AP)—Negotiations in Pittsburgh's 48-day-old transit dispute were back at dead center Saturday after striking trolley and bus operators voted to reject the company's latest wage offer.

Members of Division 85, Amalgamated Street, Electric Railway and Motor Coach Employees voted on Friday in secret ballot and turned down the offer 1,249 to 83. Union officials said it was inadequate.

The proposal, submitted Wednesday by Pittsburgh Railways Co., would have given 2,200 striking workers a 26-cent hourly wage increase over the next three years.

The union had asked for a 36-cent hourly pay boost over a two-year period. The employees were earning \$2.14 an hour.

Members cheered the vote result when it was announced by Gilbert Teitel, union business agent. Later he told newsmen:

"I am very gratified with the results. It just goes to prove that the membership is fed up with what's been going on for the last four or five years. In order to accept a contract from the company it will have to be good and honorable."

C. D. Palmer, president of the railways company, told newsmen: "I have nothing to say."

The result of the vote was expected. Union officials spoke in advance of the balloting and recommended that the offer be rejected.

Mayor David L. Lawrence who arranged the negotiating session at which the company offer was submitted had no comment.

The mayor and federal and state mediators said they would meet later to discuss possible means of getting the negotiators back to the bargaining table.

Teitel said the union at present had no counter proposal to submit. Earlier he had said that a counter proposal would be prepared if the company offer was rejected.

Traffic Jams

During the strike the use of private automobiles has increased greatly and the city's business district has been the scene of many traffic jams.

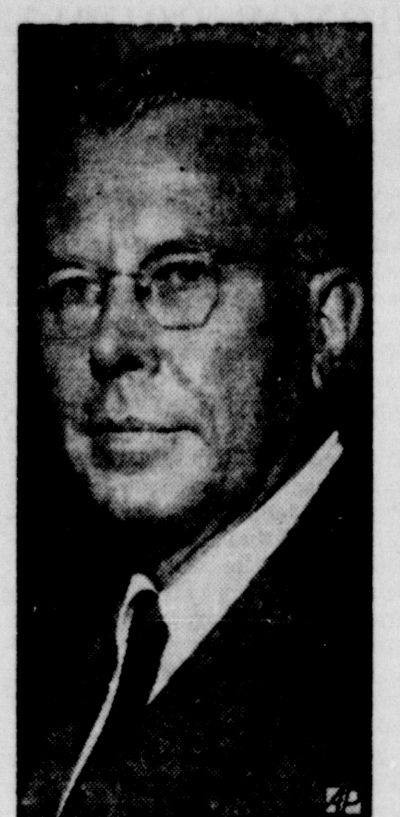

The official beginning of the Christmas shopping season on Friday brought a huge crowd into the business district and traffic was extremely heavy.

At one point the Liberty Tunnels had to be closed for nearly an hour because of fumes from slow moving autos. The tunnels carry traffic between downtown and the South Hills district.

Addicts Blamed For Narcotics Habits

CHICAGO (AP)—Medical investigators today blamed addicts—rather than peddlers—for spreading the narcotics habit.

They said users apparently give the stuff to those who never have used it, and they added: "Active proselytizing by drug peddlers plays a very small role in spreading addiction."

The views were set forth in a report of the American Medical Assn. Council on Mental Health and its Committee on Narcotic Addiction. The report, printed in part in the AMA journal, was based on a 2 1/2-year study.

SEN. HUMPHREY LAUDS RECENT MISSILE MOVES

WASHINGTON (AP)—Sen. Humphrey (D-Minn.), applauding recent moves to strengthen U.S. missile capability, said Saturday he hopes "the sense of urgency will not evaporate as time goes on."

Humphrey called on the Eisenhower administration to "come to Congress with a program that is equal to the demands of national security and survival, and commensurate with the scope of the Soviet menace"—even if such a program should require higher taxes.

AF Announces Shifts

The Minnesota senator spoke out in an interview after these developments:

1. The Air Force announced a number of organizational shifts in connection with efforts to put long range U.S. missiles on an operational basis. One of the most important of these moves was transfer of responsibility for both intercontinental and intermediate range ballistic missiles in their "initial operational capability phase" from the Air Research and Development Command to the Strategic Air Command. SAC has charge of this nation's retaliatory striking force, including long range nuclear bombers.

2. Gen. Thomas D. White, Air Force chief of staff, also announced the Air Force is working on an anti-missile missile called the Wizard. White said its perfection "will be a terrifically difficult problem, but I think we will lick it."

Humphrey welcomed these new moves, along with a recently announced decision to order production of the Army's Jupiter and the Air Force's Thor, both of them intermediate range ballistic missiles with a planned range of up to 1,500 miles.

He said testimony before the Senate Preparedness subcommittee, investigating the U.S. missile program, indicates the Russians are ahead of the United States in important areas of rocketry. Humphrey said "it is more important to have the balance of power on the side of the free world than it is to have a balanced budget."

White made the announcement of the new Air Force moves in the missile field during a talk before the National Press Club yesterday.

JUSTICE ALMOST FREEZES TO HALT

TOKYO (AP)—The wheels of justice literally froze to a halt Saturday in Japan's austere Supreme Court.

The courtroom is not heated until December and no one is permitted to wear an overcoat during the session.

A defense attorney was appealing a robbery-murder verdict when black-robed Associate Justice Katsushige Kotani interrupted him with a shiver.

"My three associates and I are catching cold," the justice said. "We desire a one-hour recess to secure blankets to wrap around our legs."

The prosecutor interjected, "As a matter of fact, we're freezing too."

A recess was called, blankets were brought in for all involved in the proceedings and the bailiff gave spectators permission to don overcoats. Then court resumed.

OUTLANDISH ALIBI WINS

MEMPHIS, Tenn. (AP)—Judge Beverly Boushe of City Court appreciates the original, off-beat alibi.

Johnny Johnson, 31, had one yesterday when he answered a charge of drunkenness. He said he had been chasing his rooster when officers arrested him in front of the small downtown hotel where he lives.

"I might have looked drunk, but I was just 'roostered out,'" he explained. "That rooster was hard to catch."

"Are you sure?" asked the judge.

"Yes, sir, judge," said Johnson. "That rooster had just been given to me as a pet. He was nervous, it being Thanksgiving and all, and he got loose."

The judge pondered, "That's the most outlandish alibi I've ever heard," he said finally. "It's so outlandish I'm letting you go. Case dismissed."

Baseball Telecasts Worry Minor League Executives; Yanks And Phils Conflict

COLORADO SPRINGS, Colo. (AP) — Sunday television of major league baseball posed a new worry for minor league baseball executives at their annual meeting today.

The television issue was pitched into the convention of the National Assn. of Professional Baseball Leagues by the International League directors.

They said in a resolution they were "very concerned" about a reported plan for a Sunday TV game of major league ball "inasmuch as attendance in the minor leagues is dependent upon Sunday attendance."

Lawyer Is Engaged
International directors instructed their president, Frank J. Shaughnessy, to hire a lawyer and "to commence and maintain whatever litigation is necessary to determine and protect the rights of the International League in this matter."

Ed Doherty, president of the American Assn., said he was in full sympathy with Shaughnessy but added that his league had not taken a stand.

"Our meeting yesterday ended abruptly and we had no opportunity to discuss the Sunday television problem," Doherty said. "However, we definitely will take up the matter when we meet again today."

Yankees vs. Phils

COLORADO SPRINGS, Colo. (AP) — A television battle between the New York Yankees and Philadelphia Phillies shaped up today with the report that both clubs will televise games simultaneously into the New York area next season.

The Phillies, according to a reliable report, have completed negotiations to televise all their games into the New York area which do not conflict with Yankee home games.

The Yankees, taking advantage of the departure of the Glans and Dodgers from the New York area, have quietly gone about arranging an all-out television program which would pipe nearly all of their 77 road games back to New York. At the same time they will continue to telecast all their 77 home games in the metropolitan area.

The Phillies were expected to receive in the neighborhood of \$600,000 to \$700,000, the cost to be picked up by a New York brewery. It has not been learned whether the beer and cigarette firms currently sponsoring the Yankee home games will also pick up the tab for the road telecasts.

SCOUTS START BOWLING LOOP

The "Misfits" "Aces" and "Lucky Strikers" were the winners Sunday at the opening of the Black Walnut Boy Scout District Explorer bowling league at the Albert J. Lentz American Legion alleys.

T. Knox, of the "Anonymous" team, was high scorer, with the high single game, 128; the high three game, 355; and the high average, 118. G. Matland had second high average with 109.

The "Misfits" defeated the "Zorros" 10-7, the "Aces" won over the "Screw Ballers" and the "Lucky Strikers" won over "Anonymous." All of the victors won all three games of their matches.

COLLEGIATES OPEN BIG TIME BASKETBALL

By ARNOLD ZEITLIN
The Associated Press
The collegiates start big time basketball today. Six of last season's top 10 teams open their schedules.

Wilt Chamberlain, the seven-footer who was a sophomore All America for Kansas, will lead last season's No. 2 team against newly independent Oklahoma State.

Other games involving last season's ranked:

Kentucky (No. 3) meets Duke; Southern Methodist (No. 4) plays Minnesota; Louisville (No. 5) opens at Evansville; Vanderbilt (No. 8) is at Sewanee; and Oklahoma City (No. 9) opposes Houston.

Others Get Going
Also testing their strength will be several schools anxious to move into the top 10. They include Rice (against New Mexico A&M); Michigan State (against Butler); Indiana (against Ohio U.); Temple (against Delaware); and LaSalle (against Millersville).

Coach Dick Harp's Kansas Jayhawks (24-3 last season) will be minus four 1956-57 starters. Chamberlain, who averaged 29.6 points per game, will be called on to handle a greater portion of the burden.

Wilt won't be the biggest man on a court tonight. Gonzaga University is debuting its French phenom, freshman Jean Claude (Feets) Lefebvre, a 7-3 1/2 example of reverse lend-lease from a farm near Paris. Lefebvre and colleagues will oppose College of Idaho.

Adolph Rupp, Kentucky coach, says he is down on this year's team. But the Southeastern Conference powerhouse (23-5 last season) lost one starting senior. Back are Vern Hatton, Ed Beck and Johnny Cox.

SCRIBES PICK 1957 ALL-STAR LEAGUE SQUADS

At the regular fall meeting of the South Penn Sports Writers and Sportscasters Association Sunday afternoon at radio station WCHA, Chambersburg, the official South Penn Conference 1957 football selections were made. They will be announced Thursday.

Eight coaches, eight newspapers and three radio stations participated in the balloting. There were 66 nominations for the squads and 60 received votes.

Starting next Monday, a series of articles on prospects of the conference schools for the 1957-58 basketball season will be published in each of the newspapers.

In the absence of Edouard Grenier Hanover, president of the association, Radford Crouse, Chambersburg, vice president, presided.

Attending the meeting were Vaden Richards, Waynesboro, Record Herald; Al Guppin and Art Renfrew, Carlisle Sentinel; Crouse, Chambersburg Public Opinion; Jack LePevre, Hanover Evening Sun; Jim Hartzell, The Gettysburg Times and WGCT; Maurice Fine, Tom Drummond and Earl Strine, WCHA, Chambersburg, and Tom Smyser, WHVR, Hanover.

The next meeting will be held in the offices of The Gettysburg Times on Sunday March 9, at 2:30 p.m.

TITLE GAME IS PLANNED DEC. 14

HAZELTON, Pa. (AP) — Scranton Central High School today holds the championship of the Eastern Scholastic Football Conference's northern division but the honors in the southern division hinge on the outcome of a postponed game.

Shamokin now holds down first place in the southern division by two percentage points over Cass Twp. But if Lansford defeats Summit Hill in the playoff of the postponed game then Cass Twp. will slip ahead of Shamokin. The ratings are based on victories and the records of defeated opponents.

If Lans' or loses, however, or if the game is not played then Shamokin will retain its lead.

Playoff Dec. 14
Titleholders of each division will meet in a playoff Dec. 14 at the southern division field.

At a meeting over the weekend representatives of the 53 schools in the conference elected Frank Thornton of Shamokin as president. Robert Dawson of Scranton was named secretary.

In disciplinary actions, the conference placed McAdoo High on probation for two years and Lansford, Summit Hill and Hazle Twp.

Royals Defeat Minneapolis 90-89

By THE ASSOCIATED PRESS
The Royals, who transferred their National Basketball Assn. operations from Rochester to Cincinnati, are giving their new fans something to shout about.

With big Clyde Lovellette in the starring role, the Royals have the Western Division leading St. Louis Hawks.

Last night, Lovellette came up with a 13-point outburst in the last six minutes that helped hoist Cincinnati to a 90-89 victory over the Minneapolis Lakers.

In other games, the Syracuse Nationals nipped the Boston Celtics their second setback, 118-109 and the New York Knickerbockers overcame the Detroit Pistons 109-102.

GRID TITLES SETTLED; ALL BOWLS FILLED

By ED WILKS
Conference titles are settled, the bowls are filled and all that remains in college football for 1957 is the selection of the national champion and the All America team.

The national champ will be named tomorrow in the final Associated Press poll. The AP All America will be announced Thursday.

Unbeaten, untied Auburn, considered a good-field, no-hit outfit until last weekend, beat the drum long and loud in a final bid for the national championship with a 40-0 rumble against Alabama Saturday. The Tigers (10-0) took over the No. 1 spot in last week's rankings with Ohio State second and Michigan State third.

1st Title For Auburn
Auburn took its first Southeastern Conference title, but the Tigers are on NCAA probation and ineligible for bowl play. That left the SEC's spot in the Sugar Bowl for runner-up Mississippi, which tied Mississippi State 7-7 Saturday.

The bowl search was finished Saturday after three other season-closing games — Navy's 14-0 victory over Army, Rice's 20-0 breeze over Baylor for the Southwest Conference crown, and Tennessee's 20-7 victory over Vanderbilt — which set up this year-end schedule.

Rose Bowl at Pasadena, Calif. — Ohio State (8-1) vs. Oregon (7-3). Cotton bowl at Dallas — Rice (7-3) vs. Navy (8-1).

Sugar Bowl at New Orleans — Mississippi (8-1) vs. Texas (6-3).

Orange Bowl at Miami — Oklahoma (9-1) vs. Duke (6-2).

Gator Bowl at Jacksonville, Fla. — Tennessee (7-3) vs. Texas A&M (8-2).

Arizona State (10-0), the only other major unbeaten, untied team, finished its season with a 47-7 victory over Arizona, but is barred from bowl play by a school rule.

Tennessee is the only 1957 bowl team back for another shot. It lost to Baylor in this year's Sugar Bowl 13-7. It will be making its 11th appearance in a major bowl.

4th Trip For Sooners
Navy has appeared in only two other bowl games, defeating Mississippi 21-0 in the 1955 Sugar Bowl, and tying Washington 14-14 in the 1924 Rose Bowl.

Oklahoma, completing its regular season with a 53-6 job on Oklahoma State, will be making a fourth trip to the Orange Bowl in the finale to the Big Eight-Atlantic Coast agreement.

Mississippi, 2-3 in bowl competition, is making its third trip to the New Orleans classic.

Only two major games remain in the regular season, both set for Saturday when Notre Dame plays Southern Methodist and Pitt plays Miami (Fla.). The Irish crushed Southern Cal 40-12. SMU lost to TCU 21-0 and Miami lost to Florida 14-0 last weekend. Pitt was idle.

BROWNS, COLTS MOVING CLOSER TO TITLE GAME

By BEN OLAN
The Associated Press
The Cleveland Browns, winners of three of the last seven National Football League championships, and Baltimore, which has not even won a conference crown, are moving toward a Dec. 29 title encounter.

The path, however, appears much smoother for the Browns.

With only two weeks of the regular season remaining, Cleveland can win the Eastern Conference title with a tie or victory in either of its games with Detroit or New York. The Browns meet the Lions next Sunday and the Giants a week later.

Little Trouble For Leaders
The Colts, with a one-game lead in the Western Conference, will be on the road for their remaining two—against San Francisco and Los Angeles.

Both leaders had little trouble moving ahead yesterday. Cleveland crushed the Chicago Cardinals 31-0 and Baltimore defeated Los Angeles 31-14. San Francisco tied idle Detroit for second place in the Western Conference by surprising the Giants 27-17.

In games of lesser importance, the Washington Redskins beat the Chicago Bears 14-7 and the Philadelphia Eagles downed the Pittsburgh Steelers 7-6.

Colts Snap Tie

The Browns got another stand-out performance from Tommy O'Connell, the circuit's leading passer. He threw 5 and 23-yard scoring passes to Ray Renfro and set up Lou Groza's 13th field goal of the season with a 40-yarder to Darrel Brewster.

O'Connell was carried from the field with a twisted ankle midway through the third period.

Long-legged Lenny Moore got away for three touchdowns for Baltimore. The Colts snapped a 14-14 tie in the third quarter on Steve Myrha's 36-yard field goal.

Rampaging San Francisco was helped by five Giant fumbles in the first half. Gene Babb, Joe Perry and Billy Wilson scored the 49er touchdowns and Gordy Soltau kicked field goals of 13 and 37 yards.

Sensational Orton Falls To His Death

DALLAS (AP)—Vernon A. Liedtke, 45, known professionally as the Sensational Orton, fell to his death yesterday as he practiced a new aerial act for a tour of Europe next spring.

Liedtke, whose specialty was the sway pole, was practicing atop a 40-foot pole near his home. Hal J. Pearce, a neighbor, said he believed a guy wire snapped.

Liedtke was a native of Robinson, N.D.

TWO WEEK DEER SEASON OPENS; KILL TO BE BIG

By THE ASSOCIATED PRESS
The two-week season on deer opened in Pennsylvania at 7 a.m. today and there were plenty of indications the kill would be big.

The State Game Commission has reported signs of an exceptional harvest of deer in the state's forests after a recent survey.

Another indication that deer are plentiful is the fact that 13,000 of the animals have been killed by autos since the last season. The highway kill is an annual barometer on the number of animals in the woods.

The regular buck deer season which ends Dec. 14 will be followed by a doe season Dec. 16-18. Hunting in both seasons will be from 7 a.m. to 5 p.m. daily except Sunday.

More Deer This Season

"More deer roam the Keystone State this fall than prior to the 1956 season," the commission said in a report. Last year nearly 42,000 bucks were bagged by hunters. There was no doe season.

The commission estimated the present herd in Pennsylvania is near the half million mark, into the forests after deer.

Dring a special archery season several weeks ago bowmen set a new record deer kill, bagging 1,275 deer, compared to last year when 224 deer were bagged. However, there were many more licenses sold this year for the archery season and both buck and doe could be shot.

BROWN DEFENDS TITLE 3RD TIME

By MURRAY ROSE
Joe Brown may not be the best known of the eight boxing champions but he is one of the busiest.

The 31-year-old lightweight king from New Orleans makes his seventh appearance of the year and his third title defense Wednesday night in a 15-rounder with Joey Lopez at Chicago Stadium (ABC-TV, 10 p. m., EST).

Brown's record is 66-14-9 including 28 knockouts. Lopez' record is 41-13-3, including 17 kayos.

Undefeated Gene (Ace) Armstrong of Elizabeth, N. J., is favored to beat Pittsburgh's Reybon Stubbs, a fine prospect, in a welterweight 10-rounder at New York's St. Nicholas Arena tonight. The bout will be telecast (DuMont, 10 p. m., EST). Armstrong has a 12-0 record but has topped only one foe. Stubbs has a 19-2-1 record, including 12 knockouts.

day a legal deer must be a male with two or more points to be an antler or with an antler three or more inches long.

During the doe season, only antlerless deer may be shot. All hunters are limited to one deer for the year, counting all three seasons.

The commission looked for a very heavy turnout of hunters for opening day.

Licenses for the doe season have been limited to 36,350, earmarked for sale in counties according to the estimated deer population in each.

The greatest allocation of antlerless deer licenses is in McKean County, which has 16,500. Elk, Warren and Forest each have allocations of 15,000 licenses.

BOWER FIRST TO GET 2 SHUTOUTS

By THE ASSOCIATED PRESS
Johnny Bower of the Cleveland Barons is the first American Hockey League goalie to put together consecutive shutouts this season, blanking last-place Springfield 2-0 last night after shutting off first-place Hershey 1-0 in overtime Saturday.

The two victories, stretching Cleveland's unbeaten string to seven games, put the second place Barons "only" 14 points behind Hershey's Bears, who defeated Buffalo 3-2 last night. Third-place Providence stayed two points ahead of Buffalo by defeating Rochester 5-3.

Springfield, tied with Rochester for the bottom, defeated the Amers 6-3 in Saturday's only other game.

Len Haley got the job done for Hershey, counting his second goal of the game at 7:38 of the third period. The Blons had tied it with a pair of second period scores.

The Bears had their troubles in winning their 18th game in 24 however, with Obie O'Brien suffering a slight concussion when checked by Harry Watson. O'Brien was held in a Buffalo hospital for observation.

ATLANTIC CITY, N. J. (U.S.A.) — Robert Elche, Altoona, Pa., has been elected president of the Junior College Council of The Middle Atlantic States.

His election came Saturday night at the 71st annual convention of the Middle States Assn. of Colleges and Secondary Schools.

In another election Howard M. Kreitzer of Annapolis, Pa., was re-elected vice president and A. G. Breidenstine of Millersville, Pa. was re-elected secretary-treasurer of the Eastern Assn. of College Deans and Advisors of Men.

CHALLENGES TO CHRISTIANS IN NUCLEAR AGE ARE DISCUSSED

By GEORGE W. CORNELL
Associated Press Religion Writer
ST. LOUIS, Mo. (P)—Church leaders said today Christian forces in America are pulling together as never before—but that they face a sober, new challenge in a dawning age of nuclear power and space travel.

The relation of "nuclear-space" developments to religious faith was brought up in an opening business session of the Triennial General Assembly of the big National Council of Churches.

There also was a prediction that the Council, a varied cross-section of U.S. churches, will send a deputation to renew contacts with Christian leaders in Red China when feasible.

Fear Overshadowing
At the same time, an executive report said that advances in man's physical powers—including explorations into outer space—threaten to overshadow the greater values of spiritual strength.

"Mankind is awed by these new dimensions of physical reach," said the Rev. Dr. Roy G. Ross, of New York, the Council's general administrator.

"Many stand in fear before new discoveries of power, and many are tempted to put their trust in a race for control of that power. We as Christians... must continue to emphasize that the basic values of life are still things of the spirit."

Call Special Conference
He announced a special interdenominational conference on "moral responsibility and nuclear space problems" has been called in New York Dec. 12.

The Council represents 30 Protestant and orthodox denominations with about 37½ million members, nearly a fourth of the nation's population. More than 2,000 clerical and lay delegates are

"ANNIE" OKAY BUT PIED PIPER IS CRITICIZED

By CHARLES MERCER
NEW YORK (P)—The two most widely discussed television shows of the past week—"Annie Get Your Gun" and "The Pied Piper of Hamelin"—both presented by NBC-TV from Hollywood—had only one thing in common. They were musicals.

On my personal entertainment measuring-stick, "Annie Get Your Gun" stood way at the top and "The Pied Piper" was far at the bottom.

Annie had certain natural advantages. She was played by Mary Martin, undoubtedly the most popular woman performer on TV.

But Did They?
Also, Annie was a thoroughly popular entertainment property before she hove in television view. You would have to live very far up the creek indeed not to have heard previously some of the fine songs Irving Berlin wrote for her.

The Pied Piper, on the other hand, was a completely untested entertainment property. About a century ago Robert Browning dusted him off with a little poem

here for the policy-making meeting.

The Rev. Dr. Eugene Carson Blake, of Philadelphia, the Council's president, said participation of churches still outside the Council is needed to make a stronger Christian impact on the life of the nation. He mentioned specifically the Southern Baptist and the Lutheran Church-Missouri Synod.

Colorful Opening
These two bodies, along with the Roman Catholic Church, are the only large denominations not in the Council.

The Rev. Wesley H. Hager, a St. Louis Methodist clergyman, said the Council has become "the helping hand, the strong right arm, the positive voice of American Protestantism."

The assembly opened last night with a colorful worship service. Twin lines of robed delegates marched down the aisles of the city's big Kiel Auditorium to the strains of organ music and high-noted trumpet calls.

23 Cuban Youths Held As Terrorists

HAVANA (P)—Police announced Friday night 23 young men had been arrested on charges of subversion and terrorism.

A police communique said the youths confessed being members of a terrorist organization financed by former president Carlos Prío Socarras, now in exile in the United States.

Prío Socarras repeatedly has denied any connection with rebels seeking to bring down the government of Fulgencio Batista.

The police said an emergency court will try the youths. Cuban army headquarters announced on Friday that troops had killed a large number of rebels in action near Bayamo, in Oriente Province, which is the center of Fidel Castro's rebels. No details were given.

HARRISBURG (P)—It became the Department "or" Revenue instead of Department "of" Revenue on the 1958 motor vehicle operator license forms.

The typographical error was overlooked despite various stages of proofreading in the Revenue Department and at the printer. Some six million applications carry the error but a department spokesman said it was "harmless."

whose moral basically was that the crime of ingratitude does not pay.

A lady who enjoyed the Piper said, "Isn't it wonderful how they made so much from such a little story?" My reply: "But did they?"

Can Be Disastrous
No, ma'am, not to me. They didn't make fine music, though they called it a musical. They didn't make a memorable line with their dreary rhymed couplets. They simply made 90 minutes of it by tacking a meaningless cornball happy ending on what might have been a dramatically poignant and musically moving morality tale.

Poor Piper.
When Berlin and Herbert and Dorothy Fields created "Annie Get Your Gun" from the vast life of Annie Oakley they created a little story line, a little music, a little dancing, a little laughter. Annie shows that compassion can be an essential quality of gay entertainment; the Piper shows that expansion can be disastrous.

SEE NEED FOR UNIFICATION IN ARMED FORCES

WASHINGTON (P)—Three Republican senators said today a Senate investigation into the missile program indicates the need for greater armed forces unification.

Senators Bridges (R-NH), Saltonstall (R-Mass.) and Francis Case (R-SD) said in separate interviews they believe interservice rivalry has slowed down missile and satellite development.

Along the same line, Sen. Knowland (R-Calif.) proposed that a Defense Department coordinator be given authority to transfer various funds, to channel them into those missile fields that are most promising.

"Sometimes Disgraceful"
Dr. Vannevar Bush, former head of the Office of Scientific Research and Development, told the Senate Preparedness subcommittee last week the missile program had been hindered by damaging and "sometimes disgraceful" competition between the services.

Bridges said he doubts any move is in the offing to change the present system at the top. He said he expects the subcommittee to recommend tightening up service cooperation on the lower levels.

"I have confidence in the ability of Secretary of Defense McElroy to make some beneficial changes," Saltonstall said. "I believe he can find ways under the (armed forces unification) law to make certain that the services work together, not against each other, in this vital field."

Need Authority For Head
Case said he thinks President Eisenhower ought to appoint a commission to recommend changes which will centralize au-

James MARLOW Reports

The Associated Press

WASHINGTON (P)—Nothing happened this time. Nobody took President Eisenhower's powers away from him. Atty. Gen. Rogers said no one had to. But the fact Rogers got into the picture a all revives an old dispute.

Vice President Nixon, after Eisenhower's mild stroke last week, told newsmen Rogers had informed him and other Cabinet members that no delegation of powers to anyone else was necessary.

Rogers, asked how he came to give such an opinion, said he was

thority over missile and satellite development.

Knowland said that Eisenhower apparently is the only official who now has the fund transfer powers the senator is proposing for the missiles coordinator.

"I do not believe we are going to get full coordination in the program unless the operating head of it is clothed with sufficient authority. The only way he can get that is to have the necessary authority to transfer funds from one missile development project to another," Knowland said.

requested to do so by the White House staff. He said he stated his views after a "full discussion" with Eisenhower's doctors.

Raises A Question
The doctors had reported the President's slight stroke — they avoided use of the word stroke — was apparently "mild and transitory" and that his reading, writing and reasoning were not affected.

But asking Rogers at all for his opinion — even though he is the highest legal officer in the government — raises a critical constitutional question about the future:

If at some other time Eisenhower suffers an illness that makes his ability to carry out his duties questionable, who decides that he can or can't do his job? The attorney general?

Constitution Vague
There's nothing in the Constitution which says the attorney general has or has not such power. The Constitution is vague on this whole question.

All the Constitution says is that if the President can't perform his duties, the vice president steps in. But there never has been agreement on these questions which spring from the vagueness:

When and how and by whom is the decision made that a president can't do his job and that the vice president should step in? And, if the vice president does step in, is it temporary or permanent?

Could Be Impeached
Does he step back into the vice presidency if the President recovers? And who decides that a president has recovered? Or is a

TWO WORKMEN BADLY BURNED IN BLAST SUNDAY

CHESTER, Pa. (P)—Two workmen were burned critically yesterday as an explosion ripped through the Stauffer Chemical Co. in nearby Trainer.

Admitted to Chester Hospital were Joseph Zdun, 64, Trainer, and Americo Alessandroni, 36, Chester.

The explosion hurled bricks over a wide area inside the two-story plant and particles of flaming sulphur and carbon started several other fires.

The two injured men were recharging a retort—a tank 12 feet high and 4 feet in diameter used in the manufacture of carbon disulphide—when the explosion occurred.

The blast ripped off a two-ton president automatically out of office once his vice president takes over his duties?

And further: Suppose a president knows he's too disabled to do his job but refuses to let the vice president carry out his duties? Or suppose he's disabled and unconscious. Who decides then?

If a president is clearly unable to do his job but won't step aside, he can be impeached. But his disability would have to be indisputable to avoid a national crisis.

Man Slain In Gun Fight With Police

PHILADELPHIA (P)—A man was shot dead Saturday in a gun battle with police at 13th and Bainbridge streets in South Philadelphia.

He was identified tentatively as Henry J. Lewis, 31, a seaman from New York City. Police said he suddenly opened fire on patrolmen John Sharkey and William Tumelty as they patrolled their district.

He fired five shots, all missing the officers. One of their shots hit him in the center of the forehead. He had been approached by the officers after they heard a shot and saw him running through a parking lot.

Add some basil leaves from your garden, and some celery tops, to tomato juice and refrigerate overnight. Remove basil and celery and serve very cold.

come from an adjoining retort and sent burning sulphur into a storage room setting fire to additional stores of chemicals. Fire also broke out in the company's sulphur room.

Members of the Trainer Fire Co., only 500 feet from the scene, quickly extinguished fires in the plant yard but the stubborn fire in the sulphur room was turned over to plant workmen who used masks and special equipment. That blaze lasted several hours.

A plant spokesman said the extent of the damage and the cause of the blast could not be determined immediately.

FRENCH OKAY PLAN FOR HOME RULE IN ALGERIA

By GODFREY ANDERSON
PARIS (AP)—The French National Assembly approved Friday night plans for restricted home rule in war-torn Algeria. The plans had already been rejected by rebel leaders as insufficient to stop the three-year-old war.

Two bills were passed on votes of confidence in Premier Felix Gaillard's government after the young Premier had rejected a Moroccan-Tunisian offer to mediate the Algerian rebellion. Gaillard said France would welcome help in achieving a cease-fire.

Gaillard succeeded where the last government failed, causing its downfall, to ram the bills through a turbulent Assembly.

No Concessions
The bills make no concessions toward eventual independence for Algeria, which Frenchmen consider part of metropolitan France rather than a colony. The rebels insist that independence is the only basis for change.

The first bill provides a federal system of partial home rule for Algeria once peace is restored. Algeria would remain in the French republic and Paris would handle its foreign policy, defense, currency and some other matters.

The second bill provides for elections on an equal basis for the approximately 1,230,000 Algerians of European origin and about nine million Arabic-speaking residents. But reservations ensure "adequate representation" of the French minority.

Plan Rejected
A source in the Algerian Front of National Liberation said his group, the leading rebel organization, had rejected the plans because France was trying to impose its own solution. The source, at U.N. headquarters in New York charged Paris with "not taking into account the position of the people they are fighting against."

In debate before the votes, Gaillard said, "The basic policies of France cannot be changed." He said France would not negotiate with FLN as recommended Nov. 21 by King Mohammed V of Morocco and President Habib Bourguiba of Tunisia.

Outside pressure will never turn France from its policy of holding on to Algeria, the 38-year-old Premier declared.

Behind-the-scenes efforts were reported at U.N. headquarters to bring together France and Arab supporters of the Algerian rebels on a resolution seeking solution to the problem. France claims the Algerian war is an internal matter and refuses to recognize U.N. jurisdiction.

SEIZE CASTRO ARMS IN MIAMI

MIAMI, Fla. (AP)—A search by U.S. customs agents turned up machine guns, carbines, shotguns, pistols and ammunition concealed in 16 drums of oil and grease consigned to Santiago, Cuba.

The federal men said the barrels were labeled lubricants but one gun's wrapper was labeled "Viva Castro." They said the shipment, seized on Friday on a dock where it lay waiting to be loaded on a freighter, evidently was destined for rebel chieftain Fidel Castro's army in Cuba's Oriente Province.

It was the second such seizure in 10 days. Agents grabbed 31 men and a quantity of arms being loaded on a boat in the Florida Keys Nov. 19.

Customs Inspector C. C. Williamson said the sender of the arms seized on Friday was a Ramiro Ramades.

Squeeze Tightens On U.S. Farmers

WASHINGTON (AP)—Farm product prices rose eight-tenths of 1 percent in the month ended Nov. 15, but the average of prices paid by farmers jumped to a record high at the same time.

The figures, released yesterday by the Agriculture Department, showed the prices received by farmers for their products advanced to 242 percent of the 1910-14 base, an increase of two points over the mid-October figure.

But the prices paid by farmers for goods and services rose to 298 percent of the 1910-14 period, two points higher than the previous record of 296 in mid-October.

NCC TO REPORT ON ILLITERACY 7-YEAR FIGHT

By TOM HENSHAW
A chief item on the agenda when the General Assembly of the National Council of Churches meets in St. Louis this week will be a review of its 14-year campaign against world illiteracy.

The NCC's committee on world literacy and Christian literature has been assaulting world ignorance of the printed word since 1943 with some success.

Religious motivation behind the campaign is simple: If people can't read, then how can they read the Gospel? And an estimated 70 to 80 percent of the world's population cannot read.

Use Specialized Terms
The campaign is carried on by specialized teams. The 1936 team that ranged through east Africa was made up of:

Dr. and Mrs. Wesley Sadler of the United Lutheran Mission, linguists with long experience among back country Liberians. Philip Gray, a Colorado artist experienced in drawing literacy charts and primers.

Mrs. H. G. Baity of Geneva, Switzerland, a teacher of writing. Enoch E. K. Mulira, a native of Uganda who studied under a committee scholarship at Hartford, Conn., seminary and Syracuse University.

The method used by the literacy team was the "teach one teach one" system.

The team remained in each area long enough to train native workers to carry on the work. Then it moved on.

Procedure employed by the team went like this: Language was analyzed; charts and primers were prepared; the charts were illustrated by artists; authentic cultural and social backgrounds were prepared.

Taught 15 Millions
Then simple reading matter was prepared and tested. After that, the step from lessons in reading to a full literacy program with the newly literate teaching the illiterate in turn.

The committee figures that since 1943, reading and writing have been brought to some 15 million persons in Asia and Africa. But there are millions more to go.

Gets Four Years For Stealing Tires

SCRANTON, Pa. (AP)—Walter Sloucum, 30, was sentenced to 4 to 10 years in prison on Friday after admitting he became a burglar to "keep out of jail."

Judge M. J. Eagen imposed the sentence after Sloucum told him last week that he stole auto tires worth \$1,800 to get money to keep up nonsupport payments to his wife and family. He said his wife had threatened court action for lack of payments.

Sloucum is also wanted for burglaries in Monroe, Luzerne and Wyoming Counties.

WALT DISNEY OUT TO HELP TEEN-AGERS

By ROB THOMAS
HOLLYWOOD (AP)—Despite all the publicity about delinquency, America's youngsters are a pretty good lot, says Walt Disney.

The film wizard is back from an extended vacation in Europe and rarin' to get going on new projects.

"One of the things I want to do is make a picture that shows the good side of teen-agers," he said. "I get so put out with all these pictures about delinquency. I thought that one about Marlon Brando and the motorcycles ('The Wild One') was bad, and 'The Blackboard Jungle' upset me for three days afterward."

Those Pictures Mistakes
"I think those pictures are a mistake. After all, 'monkey see, monkey do.' Kids get bad ideas when they see such things on the screen."

"And I don't think they show a true picture of young people to-

day. All in all, I think kids are a good bunch."

The way to keep kids out of trouble is to keep them interested in things, Walt said. One of his big projects is to stimulate youthful interest in science, now recognized as an urgent national need. His film "Our Friend the Atom" is a favorite in the schools.

Real Challenge
"I think we can do a lot more things like the atom and space features," he said. "I'd like to tackle a subject like mathematics and try to make it interesting to young people. That's a real challenge."

Walt is convinced that lecturing to kids is no answer to delinquency. "Preaching won't keep kids out of trouble. But keeping their minds occupied will."

While others overlook the vast juvenile market, Walt is developing his own stable of talented youngsters via his Mouseketeers. The payoff is shown in his latest release, "Old Yeller." The movie is a winner for the whole family, thanks in large part to such Disney moppets as Tommy Kirk and Kevin (Moonchie) Corcoran.

PRICE OF EGGS HIGHER, FEED LOWER IN 1958

By RICHARD L. GRAVES
HARRISBURG (AP)—Pennsylvania egg producers are expected to find 1958 a more profitable year than 1957, though volume of sales may be down.

The main reason for the improved outlook, says the U.S. Agricultural Marketing Service, is that egg prices will be higher and feed costs lower.

"Improved egg-feed price relationships this fall and winter will induce some increase in the number of chickens raised next year for flock replacement services," the AMS said in its annual outlook report, "but pullets from that source will not be ready for addition to laying flocks until after mid-1958."

Fewer Layers In '58

The price Pennsylvania farmers receive for their eggs is greatly affected by the national egg production situation. Nationally, 1958 will start with some 5 per cent fewer layers than in the record years of 1956 and 1957. The average number of layers will be slightly under 1957.

But the AMS predicts another 2 per cent step-up in production per bird. The same increase was recorded in each of the past eight years.

The boost in egg production per bird is one of the remarkable achievements of the poultry industry. From 1947 to 1957 the average number of eggs produced per bird rose from 160 to 200, a boost of about 25 per cent.

Industry observers contend poultrymen still have a chore ahead of them in boosting egg consumption in relation to the expanding population.

Lower Consumption

Per capita egg consumption in 1958 is likely to be as much as 5 per cent below the average 360 eggs during 1957. The AMS said egg prices should in 1958 average more than the 35 cents per dozen level recorded this year. The AMS says one of the reasons for the expected higher prices will be continued large consumer income.

Wealthy Oil Man Sued By Ex-Actress

LOS ANGELES (AP)—William Moss, 35, wealthy oil and cattleman, is accused of repeated assault and battery in a \$106,000 suit filed by Mrs. Virginia White, 36, onetime actress and model.

Mrs. White charged in a complaint filed in Superior Court on Friday that Moss, ex-husband of actress Jane Withers, on Jan. 2 and Feb. 9, 1957, caused her to suffer head, face, body, arm and leg injuries.

Moss, onetime movie producer, and Miss Withers were divorced in 1954. Mrs. White divorced the actress agent William B. White in 1955.

DEATHS

By THE ASSOCIATED PRESS

HOLLYWOOD (AP)—Eric Wolfgang Kornogod, 60, a child prodigy who became an Academy Award-winning composer of motion picture scores including those for "Anthony Adverse" and "Adventures of Robin Hood," died Friday. Born in Brno, Moravia, he composed a ballet, "The Snowman," at the age of 7.

WASHINGTON (AP)—John Philip Frey, 85, president emeritus of the AFL-CIO metal trades department, internationally known lecturer and adviser on labor matters who at the age of 22 became the country's youngest president of a union local, died Friday. He was born in Mankato, Minn.

CLEVELAND (AP)—Richard O. Hull, 52, inventor of a device to test electroplating solution known as the "Hull test cell," died Friday. He was born in Troy, N.Y.

WILMINGTON, N.C. (AP)—Vice Adm. Paul Hendren, a veteran of the Vera Cruz campaign, World War I and World War II and commander of the cruiser USS Philadelphia during World War II, died Thursday. He was born in Chadbourne, N.C.

ing, international trade, changes in stocks or the armed forces.

Despite this declining demand, egg prices should in 1958 average more than the 35 cents per dozen level recorded this year. The AMS says one of the reasons for the expected higher prices will be continued large consumer income.

IKE TIGHTENS COORDINATION ON SATELLITES

By JOHN A. HARRIS

WASHINGTON (AP)—President Eisenhower has moved to tighten White House coordination of the U.S. effort to speed scientific and technological progress.

The White House announced on Friday that the 12-member Science Advisory Committee, organized initially under the Office of Defense Mobilization, will work directly with the White House hereafter.

And the statement—issued in Gettysburg, Pa., where Eisenhower is convalescing from a slight stroke—also said the group would be expanded to a membership of 17.

Expect Launching Soon

The White House announcement came as U.S. specialists continued final preparations leading up to the launching of the first American satellite, expected sometime next week.

Dr. John P. Hagen of Washington, director of the U.S. Navy's satellite program, told a St. Louis audience Friday night:

"For those who feel critical of the United States position in the satellite effort, I might suggest the proper course is to wait until the end of the International Geophysical Year (December 1958) and tally the significance of the scientific advances which have been made in our satellites."

Small Test Sphere

The first U.S. moonlet will be a small 6.4-inch test sphere, the forerunner of larger and more fully instrumented globes which are scheduled for launching beginning in March.

The White House statement on the advisory committee change explained the move in these terms:

"This action was taken in order that there would be a more direct relationship between the committee, the President and Dr. James R. Killian Jr., his newly appointed special assistant for science and technology."

LEGAL NOTICES

IN THE COURT OF COMMON PLEAS OF ADAMS COUNTY, PENNSYLVANIA

No. 42

November Term, 1957

Edward J. Sneeinger, Administrator of the estate of Louis Sneeinger, deceased, vs. Rodney A. Bunty, Action in Trespass

TO: All heirs, creditors and any and all other persons interested in the estate of Louis Sneeinger, deceased, late of Conowingo Township.

The undersigned, Administrator of the estate of Louis Sneeinger, deceased, has presented his petition to the Court of Common Pleas of Adams County, Pennsylvania, seeking approval of a proposed compromise and settlement of the claim of the estate in the above case arising out of an automobile accident in Conowingo Township, Adams County, Pennsylvania, and the said court has set Monday, December 16, 1957, at 10:00 o'clock a.m., E.S.T., in the Court Room of the County Court House at Gettysburg, Pennsylvania, as the time and place for a hearing on said petition at which time any one having any interest in the subject matter will be heard.

EDWARD J. SNEEINGER

Administrator of the estate of Louis Sneeinger, dec'd.

J. F. Yake Jr., Esq. Attorney for Petitioner.

NOTICE

Notice of Intention to Adopt Tax Ordinance

The Borough Council of the Borough of Biglerville, Adams County, Pennsylvania, hereby gives notice of its intention to adopt an ordinance on December 10, 1957, to be effective January 10, 1958, providing for the imposing, assessing, levying and collection of a tax for general revenue purposes of the Borough of Biglerville on the use or occupancy of house trailers suitable for living quarters within said Borough at the rate of Two (\$2.00) Dollars per month; prescribing the method of payment and collection of the tax; and imposing penalties.

The reason which, in the judgment of the Borough Council of the Borough of Biglerville, necessitates the imposing of the tax is the need of additional revenue resulting from increased costs of operation. The amount of revenue estimated to be derived from said tax is One Hundred (\$100.00) Dollars.

Accountants Say Dollars Made By Throwing Pennies Away

By SAM DAWSON

NEW YORK (AP)—Saving dollars by throwing pennies away is finding favor today with a growing number of economy minded business firms.

They call it whole-dollar accounting.

counting. It means eliminating the posting of pennies in a company's books by rounding out each figure to the nearest dollar. Over a period of time the results usually average out about the same as with traditional bookkeeping methods.

The Controllership Foundation says pinching the pennies off brings savings up to 60 per cent in posting and 43 per cent in checking.

Slight Variance

The foundation, research arm of the Controllers Institute of America, says the commonly used formula rounds upward the amounts of 51 cents and over, and rounds downward amounts of 46 cents and less.

The foundation studied whole-dollar accounting by 12 firms to

see how well averaging out works. It reports Bethlehem Steel's variance in 1955 was \$2.60 for each one million dollars of billings.

Cleveland Electric Illuminating Co. reports an average net variance of less than \$5 a month on annual gross revenues of 107 million dollars.

25 Million Less Punched
The foundation says that the great volume of accounting statistical work occurs not in sales slips and billings but in the internal accounting and analysis operations. It finds Pan American World Airways saving more than 25 million key punch strokes a year by using whole-dollar accounting in the bookkeeping stage of its operations.

F. & R. Lazarus, Columbus, Ohio, department store, records cash and charge account transactions in full on the cash registers, but at the end of each day figures are rounded to whole dollars for daily sales reports of each selling department. It reports several million digits a year eliminated from reports.

But from you the customer,

ABBOTTSTOWN—Fred Baker and family, Rahway, N. J., spent the Thanksgiving holidays with his mother, Mrs. Susan Baker and Mrs. Baker's mother, Mrs. Cleason Smith. Mr. and Mrs. Charles Chubb entertained 20 relatives at a Thanksgiving Day dinner. Mr. Chubb was called Friday to the Church Home Hospital where his sister, Mrs. Paul Fahs, is seriously ill.

A consistory meeting will be held at 7:30 p.m. and Women's Guild and Ladies Aid Society will meet at the United Church of Christ Wednesday.

Wipe up any ice-cream spills fast! The effect of the lactic acid in the ice cream on a furniture finish is that of a mild paint or varnish remover!

you'll find any company using whole-dollar accounting in its bookkeeping wants the entire amount owed, right down to the last penny.
